# Gould Rail System Progress Credited To Mrs. Shepard Reply of George J. to His Rrother's Charges Says He To Mrs. Shepard The same argument is used with regard to Mrs. Margorie Gould Drexel and Ludy Decies, formerly Miss Vivien Gould. They have not been served, and any action by the court will not be binding upon them, says the attorney for George J. Gould. Mr. Gould further tells of the interest and knowledge that his sister, Mrs. Helen Gould Shepard, had in the affairs of the estate. Frank has asserted that his elder brother handled the properties without permitting Mrs.

Reply of George J. to His Brother's Charges Says He Often Consulted Helen; "Case May Go to Referee"

It is understood that on Tuesday when the application of Frank J. Gould comes before the Supreme Court, to have his brother George J. Gould removed as trustee of the estate of their father, Jay Gould, a request will be made to send the case to a referee. All further action at this time, however, to pass on the action of Frank, supported by his sister, Anna, Duchess de Tallyrand, may be delayed by a pleading filed yesterday in behalf of George J. Gould.

This document points out that Howard Gould, another son of Jay Gould, and, like his sisters and brothers, a life tenant of the trusts established by their father, has not been served in the proceeding. For this reason, counsel argues, the motion cannot proceed.

## Patrolman Shot by Man He Had Jailed

As Patrolman Michael J. Cogan, of the West Thirty-seventh Street po-lice station, was standing at the cor-ner of Thirty-third Street and Tenth ner of Thirty-third Street and Tenth Avenue last night a man, carefully covering his face with an umbrella approached and fired a shot at the patrolman. The builet entered Cogan's cheek and he staggered and fell. A second shot pierced the policeman's back. He struggled to rise, but was stopped by a third shot, the bullet penetrating his coat and notebook and halling near his heart. The sixtynage notebook probably saoved his life. The assailant then fled.

The attack is believed to have been made by a West Side criminal, whose conviction and sentence to jail Cogan obtained four years ago.

Two women and a man who were in the vicinity of the shooting turned in an alarm to the West Thirty-seventh Street police station.

At the French Hospital it was said that Cogan probably will recover. He did not lose consciousness and said that the man who fired the bullets, which were of 48-calibre, was known to him. An arrest is expected.

# Compare Goodrich 375's with other Ford Car Tires

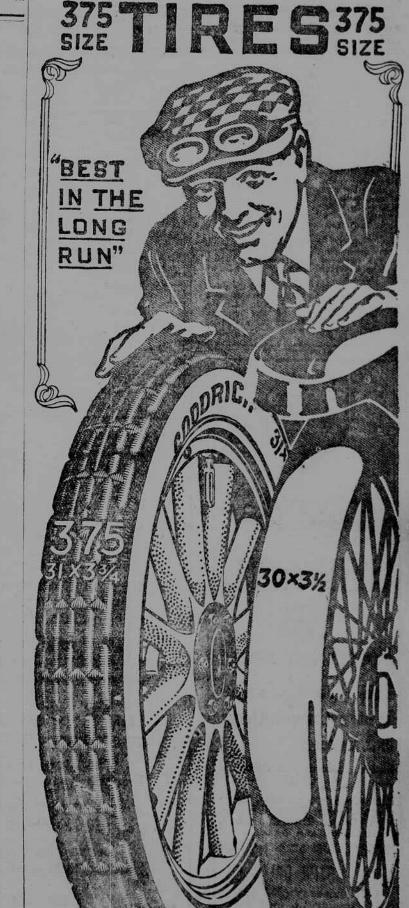

If you have not used these husky, de luxe tires for the Ford car, go at once to a Goodrich Dealer and say to him, "Give me a Goodrich Three-Seventy-Five." Compare it with an ordinary Ford-size tire, and you will find it bigger and burlier in every way.

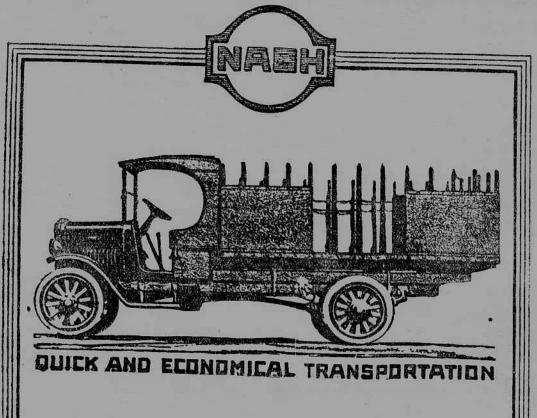

As a matter of figures and measurements, it is an inch bigger on the circumference, and much thicker in the cross section—that is, a 31x3% inch tire. That extra size means a finer looking, easier riding Ford car to begin, and a longer lived car and tires in the end.

Though "Three-Seventy-Fives" cost a little more at the outset, built to meet the especial needs of the Ford car and bring out its known virtues, they soon reveal a greater dollar economy, which makes it the better buy in the long run.
